

## Fourth Tuesday Presentation

### Tonganoxie Community Historical Society

Brad Logan, an archaeologist specializing in Great Plains archaeology, will discuss the Kramer Collection of Pre-Historic Artifacts. This collection of pre-historic arrows, points, stone tools, and pottery sherds was donated to the museum by Frank "Junior" and Barbara Kramer. The Kramers spent over 40 years collecting the pieces on their property just northwest of Tonganoxie.

Join us for an evening of archeology and stories of pre-historic people who lived and travelled this area along the tributaries of the Kansas River long before the Kansa and Delaware people. Then stay to view the new exhibit along with the updated exhibits on the Kansa and Delaware people.
